European Commission
Public Health Program 2004

- National Kapodistrian University of Athens (Project Coordinator) Country: Greece
- Institute of Preventive Medicine, Environmental and Occupational Health (Prolepsis) Country: Greece
- Dresden University of Technology Country: Germany
- London School of Hygiene and Tropical Medicine Country: UK
- Nofer Institute of Occupational Health Country: Poland
- National Institute of Public Health Country: Czech Republic
- Medical University of Sofia Country: Bulgaria

The project aimed to plan and develop an educational package containing the knowledge and training material necessary to empower European health professionals to rapidly recognize clinically and adequately respond to new public health threats.
